Congratulations to Trish Sullivan for being named DDSEA's Driver Education's Teacher of the Year!

I'm honored to call Trish a friend and not just a colleague of Driver Education.

She represented McKean and Red Clay with true professionalism today (as always) and I wanted to make sure she was recognized.

She also had a student who placed in the competition!

Congratulations Trish on a well deserved honor!

Best,  
Jason

**Subject:** Colonial Education Foundation

Good afternoon Dusty,

For the record, I sent this email to Linda Moffett as well, as I have known Linda my entire life. But I wanted to send my message to you as well.

Last night I had the honor of attending the Red Clay Education Foundation's 3rd Annual Hall of Fame celebration. As I listened to every nominee speak it dawned on me that Colonial has a foundation as well.

I had a question about the CEF and it's annual Hall of Fame Ceremony. How does one submit a name for nomination. The reason that I ask is that as I watched the nominees from Red Clay last night, one person kept popping into my head that really stands out in the history of the Colonial School District. That person is my children's grandfather, Monroe B. Gerhart, fondly known as "Monty" to everyone in Colonial Nation.

Monty dedicated almost 40 years to the Colonial School, and went on to be the Chair for the Educational Leadership Program at Wilmington University for almost 10 years. Quite honestly, I have rarely met an individual with a passion for educating young people, quite like Monty's. His unwavering character and simply genuine personality made Monty well respected by not only by everyone in Colonial, but statewide as well.

Monty's passion for education didn't end when he retired. He went on to utilize his positive leadership skills at Wilmington University where he trained and counseled numerous school leaders in education today.

Personally, I can't think of anyone more fitting or deserving to be inducted into the Colonial Education Foundation's Hall of Fame than Monroe B. "Monty" Gerhart. Going back to my original question; how does one nominate Monty for such an honor?

Best,

**Jason P. Casper**

I am aware of the issues at Park. I have spoken to several teachers, as well as to leadership to try to gain an understanding as to what is going on.

Would you mind sharing your timeline? I don't mean to impose, but I am trying to get as much information as possible so that I have a clearer picture.

I get conflicting stories, but I spoke to an extremely reliable source on Sunday at breakfast. This individual is a staff member and they gave me, what I consider to be, a very accurate description of some of the underlying issues as well as the issues that are causing this toxic environment.

You can reach me at (302) 753-6999 cell/text or I would be happy to meet with you as well.

Thank you for reaching out,  
Jason

That's us! Unfortunately, we are under formal review for low enrollment and low test scores.

I was hoping that possibly Red Clay would become an authorizer. My admin and board liked the idea of a district authorizing the academy, but since we are located in the colonial demographic, it made more sense to approach Colonial first.

Not sure what the outcome will be. In the meantime, I have applied for a Driver Education position in Appo and Spicer Mullikin has offered me full time position to head up their pre need department starting in July. I need to start making preparations to make sure I secure employment, should the academy not survive this process.

I really don't want to go back into funeral service full time. I love the work, but I have a real passion for Driver Education and Traffic Safety. I feel as though I have finally found my "calling", if you will.
